

# Work Profile

## Custom Designed Chemical Dosing Panels

**A** Plug-and-play dosing panel ready for delivery from Fusion's WA fabrication facility. Features rigid doors with polycarbonate windows. Custom fabricated to clients specifications and pre-installed with necessary pipework for immediate usage.

**B** Non-rigid pull down screen for a bore dosing panel at a water treatment plant. Handles Sodium Hypochlorite.

### Benefits

- + Polypropylene sheet fabricated, offering high chemical resistance.
- + No steel frame, offering a corrosion free, fully supported design.
- + Custom engineered in-house design.
- + Assembled and fitted out to clients requirements.
- + Different arrangement of screens available.
- + Excellent reputation around Australia for quality, delivery and performance.
- + Water Corporation WA approved.
