

# Work Profile

## Chemical Dosing Panels With Self-Closing Doors

**A** Front Shot: Fabrication at Fusion's WA facilities completed.

These panels contain rigid, polycarbonate-windowed doors that are self-closing, lockable and can also be fixed open when access is required.

**B** Front Shot: The same dosing panels being used at the client's site, pipework now installed.

**C** Area Shot: Shows panels in operation at a WA water treatment facility.

### Dosing Panel Benefits

- + Polypropylene sheet fabricated, offering high chemical resistance.
- + No steel frame, offering a corrosion free, fully supported design.

- + Custom engineered in-house design.
- + Assembled and fitted out to clients requirements.
- + Different arrangement of screens available.
- + Excellent reputation around Australia for quality, delivery and performance.
- + Water Corporation WA approved.
